

Support for families of children with neurodevelopmental differences/additional needs in Waveney

This information sheet is for families who are worried about autism/ADHD/additional needs. The services below are here to support you on your journey. Please reach out to them for help.

Although a clinical assessment for neurodevelopmental differences such as autism or ADHD is helpful for some families, a diagnosis is not required to access [SEN support](#). It is important to remember that having a name for your child's condition does not change who they are. It is helpful to think about what goals you and they are aiming for so that you can access the support available to help achieve these goals.

General advice and support

- [Just One Norfolk](#) is the 'go to' health website for Norfolk and Waveney families and includes a range of information and support for families to access including sleep issues, parent, and child emotional health.
- [Ambitious About Autism guide to autism in the early years](#) provides guidance and practical support about autism for families of children under 5 years old.
